

IMPORTANT INFORMATION ABOUT YOUR PENSION

The Cincinnati Federation of Teachers/CFOP and CFT-Retirees

are concerned about decisions facing the STRS Ohio Board and the impact those decision will have on the stability of our retirement fund.

It has come to our attention that STRS Ohio Board members will soon make decisions that may include the amount of the active teacher contribution to the pension.

And for retirees, other decisions may impact the COLA (cost of living allowance) and health care in retirement.

We invite active, retired teachers and STRS members to hear firsthand what possible action could occur and what the results of STRS decisions will have on teachers.

Join us for a forum with representatives of STRS Ohio and STRS Board members to hear the issues that face them as they work to make sure our pension fund remains stable.
