

**CINCINNATI FEDERATION OF TEACHERS RESOLUTION IN SUPPORT
OF CALLING FOR MORATORIUM ON CHARTER SCHOOL
EXPANSION AND STRENGTHENING OF OVERSIGHT IN
GOVERNANCE AND PRACTICE**

WHEREAS, charter schools have been a rapidly growing sector of the education system, increasingly targeting low-income areas and communities of color; and

WHEREAS, charter schools with privately appointed boards do not represent the public yet, make decisions about how public funds are spent; and

WHEREAS, charter schools have contributed to the increased segregation rather than diverse integration of our public school system; and,

WHEREAS, research and reports have documented disproportionately high use of punitive and exclusionary discipline in addition to differential enrollment practices that violate protections of student rights for public schooling; and

WHEREAS, research and civil rights organizations have documented violations of parent and children's rights, conflicts of interest, fiscal mismanagement, and psychologically harmful environments within several rapidly proliferating charter management organizations; and

WHEREAS, analyses of annual missing charter funds have been estimated at nearly half a billion dollars nationally; and

WHEREAS, researchers have warned that charter school expansions in low-income communities mirror predatory lending practices that led to the sub-prime mortgage disaster, putting schools and communities impacted by these practices at great risk of loss and harm; and

WHEREAS, current policies force district campuses to accommodate co-locations of charter schools, resulting in shortages of resources and space and increasing tension and conflict within school communities; and

WHEREAS, weak oversight of charter schools puts students and communities at risk of harm, public funds at risk of being wasted, and further erodes local control of public education; and

WHEREAS the NAACP shares the concerns of the Journey for Justice Alliance, an alliance of 38 organizations of Black and Brown parents and students in 23 states, which has joined with 175 other national local grassroots community, youth, and civil rights organizations calling for a moratorium on the Federal Charter schools program, which has pumped over \$3 billion into new charter schools, many of which have already closed or have failed the students drawn to them by the illusive promise of quality; and

33 THEREFORE BE IT RESOLVED, the Cincinnati Federation of Teachers, CFT, will continue to
34 advocate against any state or Federal legislation which commits or diverts public funding,
35 allows tax breaks, or establishes preferential advantages to for-profit, private, and/or charter
36 schools; and

37 BE IT FURTHER RESOLVED, that the CFT calls for full funding and support of high quality free
38 public education for all children; and

39 BE IT FURTHER RESOLVED that the CFT calls for legislation at the State and Local levels that will
40 ensure that parents have access to Charter School Advisory Boards and that charter schools be
41 required to provide schooling for students that are dismissed from school for disciplinary
42 reasons; and

43 BE IT FURTHER RESOLVED that the CFT will seek legislation to strengthen the investigative
44 powers of those bodies that oversee charter school fraud, corruption, waste, etc.; and

45 BE IT FURTHER RESOLVED that, as a tool to help address exclusionary student disciplinary
46 policies and practices of publicly funded charter schools, CFT membership should a) review the
47 student discipline [http://www.ed.gov/news/press-releases/us-departments-education-and-](http://www.ed.gov/news/press-releases/us-departments-education-and-justice-release-school-discipline-guidance-package-enhance-school-climate-and-improve-school-discipline-policiespractices)

50 guidance to its student disciplinary practice; and c) work with parents of charter school
51 students in schools that are members of CFT/OFT to file complaints with the Office of Civil
52 Rights, U.S. Department of Education, to challenge unwarranted exclusionary practices (e.g.,
53 suspensions and expulsions); and

54 BE IT FURTHER RESOLVED, that the CFT hereby supports a moratorium on the proliferation of
55 privately managed charter schools; and

56 BE IT FURTHER RESOLVED, that the CFT opposes bills that would weaken the investigative
57 powers of any legislative body from uncovering charter school fraud, corruption, and/or waste;
58 and

59 BE IT FINALLY RESOLVED, that the CFT supports legislation and executive actions that would
60 strengthen state and local governance and transparency of charter schools and, in so doing,
61 affirms to protect students and families from exploitative governance practices.
