Receiving calls from someone "representing your union"? - American Income Life Insurance - We are getting several calls from members regarding phone calls and home visits from agents representing American Income Life. These agents are contacting you because sometime in the last two (2) years you responded to a letter that was sent out by Julie Sellers, CFT President, regarding a free \$3000 Accidental Death/Dismemberment policy that CFT/CFOP sponsors for our members, by returning a yellow postcard that was enclosed. The letter specified that the AIL agents will need to visit your home to sign the paperwork. When the agents call, they say they are representing "your union". Ask them what insurance company they represent and if they respond American Income Life, then they are legitimate.
